“ My favorite memory of Aunt Bonnie is her blunt humor and warrior like attitude she love basketball and played center position and base drums she was a fierce rebel in a time of feminism and many great movements she loved working hard and never stood down to anyone or anything she was nurturing but stern at the same time, she loved god and her family and seen them off to the very end, she traveled many roads and shared those beloved journies with me over 20 years we wrote to each other and I write one more letter to my dear aunt Bonnie, you will never be forgotten and your words and encouragement will always be close to my ❤️! I dedicate the song by Peter Gabriel called the 'light in your eyes' in her honor
