“ Not so much of a specific memory, but a wash of laughter and that smile of his that made you smile yourself when you saw it-even if the jokes were less than excellent.

Johnathan,

Obscurity, bad-asses, being that new guy, obligation, clam-bakes and Christmas lights, stubbornness, goofiness, fear, more fear, chance happenings, withdrawal, isolation... this stand-off that's now a stale mate; the stack of papers to go with, now all these questions....and shit this was all before our midlife crises... thank you for all of it, but now what? I gotta go alone? You win for now, keep my girl in line wherever you are... 143PH, don't drift too far-a know at least a couple people that will be looking for you-so wait for them.

Signed,

PW

Ps. They used your middle name all over the place :P
