“ *Aunt Joyce I will miss you very much and will see you again someday. My kids remember when we came to visit and we would sit in the yard and catch fire flies. I remember when I came to visit to surprise grandma for her birthday and I was very pregnant and you were teasing my mom saying I was going to have the baby in Illinois and my mom would miss the birth but you would be there instead. I have so many memories of you and I thank you for that. The love and caring you and Uncle John showed each other is what I want to continue with my marriage.*

“ To the 'Ms. Joyce' family. That's what we called her at Wildlife Materials. She was a very special lady. Dink and I cleaned for Wildlife and one Christmas she left a 'talking Santa' in her work area (which I didn't know about). I was by myself when I went to clean her room and as I switched the light on, I almost had an 'accident' when this laughter started! We always had a laugh over it, but she was a fun lady to be around and her Devil Food Cake was delicious. She will be missed by many. Dink and Janet Garris

I have been referring to Joyce as " Aunt Joyce" for many years (18) to be exact., and I'm always talking about her and her Suzy Q's to my family. They always look at me confused...because I really don't have an aunt named Joyce. Well, anyway Joyce was always kidding around and making everyone happy. I am really going to miss her. She just had a way of making everyone around her happy to see her. I will never forget the whipp cream pie she brought to work to put into a former co-worker/supervisors face. We all laughed about that. I remember when Emily was born and my grandson Dakota was born. We were always sharing our grandbaby stories. Love you Joyce, it breaks my heart that I will not be able to see you and hug you again. Love Betty Davis
