“ Randy will be missed by many when you walked into the room he always welcomed you and was so polite. Never will I ever forget his Alabama stories and some of his childhood stories. He was a Amazing person to be around, Myself, My Husband, Amy and Jeff took him Fishing and he was so happy he got to go. Randy Laughed so hard watching my husband catch crawfish to put on his hook. Finished off our outing with a night at the ETown Boat for Catfish Dinners and he talked about that for a long time. Randy you will be missed by all of us and will Forever hold a special spot in all of our Hearts.
