“ *There really are no words to say what a great man Steve was. I'll try my best to describe him though. He was brilliant, there didn't seem to be anything he couldn't fix or give you a solution to, and there was never a dull moment when Steve Bohannon was in the room. I consider him like a second Dad to me, any problem I had I would take it to him and he would do his best to set me straight. Life will definitely not be the same without Steve there to make things interesting. The thought that gives a little comfort is to know that Gunner-dog finally gets to be with his best friend again.*

Steve was a good friend to our family, he coach our son's baseball team, and we shared many years together with him and his family. Still to this day the kids look up to him as a father figure and will miss him terribly. Steve loved his boys, granddaughter and friends and we will forever remember and love him. Good by dear friend.
