“ *Definitely such a sad loss to experience with a co-worker! Teresa was one on the first people that welcomed me to the company and was so vibrant and talkative! She was always willing to share her food, true I asked for some haha, but she was more than willing and always engaged in laughter and conversation! Never a dull moment. Glad to have her as a teammate. Your love, passion for work and people, and fun personality will be missed.*

“ *When Teresa crossed the finish line for the Music City Half Marathon, we rejoiced. Her sheer determination and power were awesome and inspiring. The pride on her face is what we carry in our hearts.*

Teresa did amazing things.

When they were difficult, she dug in, committed, and saw them through.

The suddenness of her death stings.

“ I worked with Teresa at Verizon Wireless and been to her home for a party with other Co-workers from Verizon Wireless. Teresa loved my Puerto Rican rice and gandules. I bring containers of it to work for her to have for lunch. We lunched together every day until I left Verizon in 12/2018. She was a fun and caring person to be around . I will miss her greatly! “ My Cuz was such and uplifting woman who enjoyed life. Have so many laughs and great memories with her. Going to a movie just to have time together to talk and catch up about our families. Or when she took me and my sister and cousin to the Milwaukee brewing company. In the same trip going to Great America theme park. The laughter and memories we built I will never forget. Teresa I know your looking down from heaven right now wanting your family with you. Tell uncle Dewey we miss him also. I love and will miss your laughter. It was truly one that made everyone smile or laugh with you. Ill miss our phone calls out of the blue when I needed someone to talk with and you always called at the right time when I needed a ear to bend. God definitely is getting a good one. Your job is done. Rest in peace. Love ya!!
