“ As Rich Myers states, Terry was an inspiration to all that knew him. It was either 1974 or 75 when I attended his EMT class at Sherman Hospital in Elgin. After taking Terry's class I knew I wanted to do more so I became a Paramedic. There isn't a better feeling than being able to help people and Terry was a mentor to me and many others. He was a good teacher and we had many good times outside of class (Bills Tap). My thoughts are with Brenda and his family.

“ Terry Dale will missed.. He was an inspiration to me when he was at Sherman. I'm a product of one of his first EMT classes. There are many people here in the greater Elgin area who really do not know how involved Terry was in promoting one of the first MICU areas in the state. He still owes me a few pitchers of beer from Bills tap after class! Ill collect when I see him again. Our prayers go out to Brenda and the family. He is a great guy and a mentor.
